

Self-Funded Program

A health-benefit program designed for your small- to medium-sized business

See plan inserts for specific product details and plan options

The Allstate Benefits Self-Funded Program provides tools for employers owning small to mid-sized businesses to establish a self-funded health benefit plan for their employees. The benefit plan is established by the employer and is not an insurance product. For employers in the Allstate Benefits Self-Funded Program, stop-loss insurance is underwritten by: Integon National Insurance Company in CT, NY and VT; Integon Indemnity Corporation in FL; and National Health Insurance Company in all other states where offered. National Health Insurance Company, Integon National Insurance Company, and Integon Indemnity Corporation are rated "A+" (Superior) by A.M. Best.

introducing: a **realistic approach** to employee health benefits

Now, you can gain control of your health care expenses while providing quality benefits to your employees. By combining the cost savings of self-funding with the stability of more traditional plans, our Self-Funded Program gives you the simplicity and cost savings you're looking for without the hassle of administering the program yourself.

Allstate Benefits is a national leader in the self-funded space. Our teams of experienced professionals are ready to provide you and your agent with:

- Group market expertise
- Quick resolution of issues
- Immediate access to support
- Hands-on help at time of reissue

simple. safe. savings.

Self funding used to be a concept only available to large employers. Not anymore.

Business owners like you enjoy the advantages of self funding. And now, with our Self-Funded Program, you get to experience those advantages without taking on added risk. It's an easy way for you to lower your costs while providing quality health care benefits to your employees.

Self-Funded Program key advantages:

One, predictable monthly payment

Your monthly payment is determined upfront and guaranteed not to increase for a full year as long as there are no changes to your group's benefits or enrollment.

Plan administration and account management

Payments of claims, customer service and reporting is all done for you, leaving you to focus on your business.

Quality benefits

All employer-established benefit plans are minimum essential coverage.

Preventive services are paid at 100% when received from in-network providers, as recommended by the Affordable Care Act.

Terminal Liability Coverage:

Provides added protection for claims that come in for 24 months after the end of the plan year – and is included with most plan selections.¹

¹ Terminal Liability Coverage is optional on 12/12 plans, and does not apply in cases of early termination or for Aggregate only plans for groups with 51 or more enrolling employees. Fees may apply. Please refer to the plan proposal for details.

are you **overpaying** for group health care benefits?

Where do your premium dollars really go?

With fully insured health plans, all of your premium is paid to the insurance company. You don't have any control over how that money is spent. You won't see any of those premium dollars again, even in years when your group's claims are less than expected.

Our Self-Funded Program is different. Some of your monthly payment is used to run the daily administration of your plan, but portions of it are also used to pay your stop-loss insurance premium and to build your claims account. In years when claims are lower than expected, a portion of the difference between your group's anticipated and actual claims is credited back to you — and that adds up to significant savings.

Fully-Insured premium

The full payment goes to the insurance company.

how does it **work?**

We make it easy for you to put a self-funded health benefit plan to work for your business.

For your everyday convenience, this plan behaves just like a more traditional, fully insured health benefit plan. You provide your level, monthly payment, and we handle the details. The difference lies in where your premium dollars go. We manage your program to make sure you get the savings and simplicity you need by splitting your premium among the program's three components.

The Self-Funded Program's three components:

Plan administration

A third-party administrator handles the day-to-day functions of the program

Our third-party administrators will:

- Manage claims payments
- Provide reporting to help manage costs
- Handle your group members' customer service needs

Stop-loss insurance

When your group has higher-than-expected claims, stop-loss insurance kicks in to protect your finances

Stop-loss insurance:

- Protects your finances from higher-than-expected claims
- Helps you limit your business's financial exposure

Claims account

Money used to pay claims incurred during the coverage period

Your claims account:

- Holds the funds needed to pay employees' claims
- Is protected from larger-than-expected claims with stop-loss insurance
- Depending on the plan selection you make, if claims are less than anticipated, we will either refund a portion of the difference between the balance of your claims account and your group's actual claims, or you can receive that amount in full*

your business. your plan.

Health benefit plans with features your group will actually use

We provide flexible options to help you select the plan designs that will benefit your group the most.¹

terms and provisions and exclusions of this program

Out-of-network services (*out-of-network terms and provisions do not apply to NGBS Advantage*)

If a covered person seeks non-emergency care at a doctor or hospital that is not part of your network, he or she will not receive network discounts and may incur additional expenses. This applies to prescriptions that are filled by an out-of-network provider as well.

For instance, copays are not accepted by doctors and hospitals that are not part of your network, and the covered charges will be handled as any other out-of-network service — subject to the:

- Maximum allowable amount — the most the plan pays for covered services. The covered person will be responsible for any balance in excess of this amount.
- Out-of-network deductible — two times the deductible.
- Out-of-network coinsurance — typically an additional 30% of charges.
- Out-of-network, out-of-pocket maximum — three times the in-network out-of-pocket maximum (except for 100% coinsurance plans)

Emergency care benefit

In emergency situations, covered charges will be handled as network services, no matter where services are performed. All charges are subject to the maximum allowable amount.

Emergency care benefit for Advantage plan

Covered charges will be handled as network services, no matter where the services are performed, subject to any applicable Maximum Allowable Amounts. When the facility is out-of-network, the plan will cover the member's transfer to an in-network facility once the member is stabilized. All follow-up visits after the condition has stabilized will be treated as nonemergency treatment and services under the plan.

Affiliated provider services

As long as a covered person uses hospitals and admitting physicians that are part of your network, his/her covered charges will be handled as network services even when affiliated physicians and other health care providers (e.g., radiologists, anesthesiologists, pathologists or surgeons) are not part of your network. All charges are subject to the maximum allowable amount.

Family deductible accumulations

Individual/Family

Covered expenses for each family member accumulate toward his or her individual deductible and benefits begin:

- For the family member — once his or her individual deductible is met.
- For all family members — once the combined amounts accumulated toward two or more individual deductibles reach the amount of the family deductible.

Utilization review

When inpatient treatment is needed, the covered person is responsible for calling the 800 number on the card to receive authorization. If authorization is not received, a penalty could be applied. No benefits are paid for transplants that are not authorized. Authorization is not a guarantee of coverage.

Out-of-pocket maximums

- The family out-of-pocket maximum is the total dollar amount of covered charges that must be paid by you and your covered dependents before we will consider any out-of-pocket maximum for all covered persons under the same family plan to be satisfied.

The individual out-of-pocket maximum is the dollar amount of covered charges that must be paid by each covered person before any out-of-pocket maximum is satisfied for that covered person.

Employment waiting period

The employment waiting or affiliation period is the number of consecutive days an employee must be working before he/she is eligible to be covered. The following choices are available: 0, 30, 60 or 90 days.

New hires

For groups with a 0, 30 or 60 day employment waiting period, new eligible employees and their dependents, upon satisfaction of the employment waiting period, are eligible for the following effective date:

- First day of the billing month following the date of full-time employment, when the enrollment request is received within 31 days of this date.

For groups with a 90 day employment waiting period, newly eligible employees and their dependents, upon satisfaction of the employment waiting period, are eligible for the following effective date:

- The 90th day following the date of full-time employment, when the enrollment request is received within 31 days of the expiration of the employment waiting period.

Deductible credit

When coverage first begins, credit is given for any portion of a calendar-year deductible satisfied under the prior group plan during the same calendar year, except when the deductible credit is waived. No credit is given for past policy-year deductibles. The deductible credit option can be waived.

terms and provisions and exclusions of this program

Summary of exclusions

The health benefit plan templates do not provide benefits for:

- *NGBS Advantage plans*, any charges that are provided or performed by a Health Care Practitioner, facility, or supplier that is not identified for the Health Care Provider Network as a Participating Provider, Participating Pharmacy, Specialty Pharmacy Provider, or Designated Transplant Provider. This exclusion does not apply to PPO plans that cover charges for treatment provided or performed by either Participating Providers (In-network) or Non-Participating Providers (Out-of-network).
- Treatment not listed in the summary plan description

- Charges for umbilical cord storage, genetic testing, counseling and services
- Treatment of "quality of life" or "lifestyle" concerns including but not limited to obesity, hair loss, restoration or promotion of sexual function, cognitive enhancement and educational testing or training
- Over-the-counter drugs, (unless recommended by the United States Preventive Services Task Force and authorized by a health care provider), drugs not approved by the FDA, drugs obtained from sources outside the United States, and the difference in cost between a generic and brand name drug when the generic is available
- Complications of an excluded service
- Charges in excess of any stated benefit maximum
- Treatment of an illness or injury caused by acts of war, felony, or influence of an illegal substance

- Dental care not related to a dental injury
- Non-surgical treatment for TMJ or CMJ other than that described in the contract, or any related surgical treatment that is not pre-authorized
- Any correction of malocclusion, protrusion, hypoplasia or hyperplasia of the jaws
- Charges for cranial orthotic devices, except following cranial surgery
- Charges for medical devices designed to be used at home, except as otherwise covered in the Durable Medical Equipment and Personal Medical Equipment provision or the Diabetic Services provision in the Medical Benefits section
- Charges for devices or supplies, except as described under a Prescription Order
- Charges for prophylactic treatment
- Charges related to health care practitioner-assisted suicide
- Charges for growth hormone stimulation treatment to promote or delay growth
- Charges for treatment of behavioral health or substance abuse, except as otherwise covered in the Behavioral Health and Substance Abuse provision in the Medical Benefits section
- Charges for testing and treatment related to the diagnosis of behavioral conduct or developmental problems; charges for applied behavioral analysis
- Charges for alternative medicine, including acupuncture and naturopathic medicine
- Charges for chelation therapy
- Charges for experimental or investigational services

a growing portfolio made for growing businesses

Allstate Benefits Self-Funded Program now includes more options so you can offer more solutions and help more clients. With solutions for groups of 2 to 500, we help your clients gain better control of the costs of their groups' health benefits.

■ Plan options available for all group sizes

- **PPO**
A plan that pays benefits for both in-network and out-of-network services, with secured network savings.
- **Advantage Plan**
A plan that pays benefits for emergency and in-network services only. Savings come from eliminating the high costs of out-of-network services.
- **Copay Plans**
Offer clients simple copay plan options without high deductibles and high out-of-pocket expenses. Zero-Deductible and HSA-Compatible plans are available.
- **Minimum Essential Coverage (MEC)**
MEC plans provide access to preventive and wellness care benefits that meet the Affordable Care Act requirements for minimum essential coverage. Two plan options — MEC Care or MEC Preventive — help clients and members get affordable access to health care.

■ Reference-based pricing options for all group sizes

- **Core Value**
A reference-based pricing plan that pays based on a multiple of the Medicare reimbursement rate,¹ delivering great savings potential.
- **Core Value Access**
Core Value Access gives clients the savings of a reference-based pricing plan with the added benefit of access to a network for physicians.
- **Core Value Flex**
This option allows employers to experience the savings of our Core Value plan with the added flexibility of switching to a PPO network² mid-year, without a change in your clients' monthly payment.
- **Healthcare Bluebook[®] Plan Feature**
This cost and quality steerage tool helps members find low-cost, high-quality providers — saving them and your clients money on health care. It's included with Core Value and Core Value Flex plans at no additional cost to employers and members. Not available with Core Value Access.

■ You can choose:

- **Level funding:** With level-funding, employers pay one predictable monthly payment, and have the opportunity for a refund in low-claims years. Available for all group sizes.

¹ In instances when a service is not priced by Medicare, reimbursement is based on another comparative measure. | ² PPO network to be selected from approved networks at the time of plan change. Aetna Signature Administrators[®] PPO Network is not available for the Flex option.

■ Value-added features

- **Teladoc®**
A convenient option your clients will love. With Teladoc, members get access to quality, low-cost health care over the phone, web, or app.
- **Group Dental**
Our dental plans can be paired with most of our self-funded programs. Add dental to create a more complete benefits package for your clients. Not available with MEC plans. Allied Benefit Systems, LLC business only.
- **Wellness Program by Vitality®**
This unique program helps keep employees engaged and on the path to wellness by tracking and rewarding healthy behaviors. When you do healthy right, your clients save big on health care costs.
- **Step Incentive Program**
This innovative program invites clients and their employees to connect their fitness devices, like Fitbit® activity trackers, Garmin® wearables, and the Apple® Health app, to Allstate Benefits at enrollment. When they do, clients can save up to 5% on their health care coverage costs.

■ Additional options for 51+ groups

- **Traditional Funding**
Employers pay claims through direct funding, only paying for claims as they are processed.
- **Aggregate Only Stop-Loss Policy**
A policy with a single stop-loss deductible to meet for the entire group. A simple solution for transitioning from fully insured.³
- **12/12 Stop-Loss Contract**
12/12 contracts only cover claims incurred and paid during the plan year. For maximum protection, clients can combine this contract with options that cover claims incurred during, but received after the plan year. This contract option provides lower first-year payments, making the transition to self-funded even more affordable.

Allstate Benefits offers the flexibility employers need to stay on top of their groups' health benefits costs, alongside innovative, personalized health features employees want.

This unique combination lets you offer more solutions to more clients, so you can continue to grow your business.

³ Now available for groups with under 50 employees in the following states: Maryland, New Jersey, and West Virginia.
